MCI WORLDCOM On-Net is an outbound, customized telecommunications service that may include an inbound service option using Business Line/WATS or Dedicated Access Line terminations and/or a virtual private network. MCI WORLDCOM On-Net provides a service for single or multi-location companies using switched, dedicated and card origination, and switched termination. This service is suitable for calling between company locations.

The rules and regulations governing the provision of service for toll free (inbound) service are identical to those for Toll-Free Service as filed in this Tariff, except where otherwise specified.

At the Customer's request and where feasible, the Company may permit the Customer to obtain other forms of access to the Customer's inbound service terminating location, or the Company may procure other forms of access to such location. All applicable recurring and non-recurring charges for such service will be calculated on an individual case basis, in accordance with the charges assessed by the Local Exchange Carrier or other access provider. The installation and monthly charges for any interface equipment associated with such access that is provided by the Company shall be calculated on an individual case basis. If the Company procures access for the Customer from the Local Exchange Carrier, the Customer's use of such access shall be in conformity with the regulations and other terms and conditions under which the Local Exchange Carrier provides such access.

This tariff is being offered to Missouri customers that originate and terminate calls within the State. Intrastate service is provided in conjunction with interstate service.

¹Effective January 11, 2004 MCIWorldCom On-Net Service will not be available to new customers.

5. SERVICE DESCRIPTIONS AND CHARGES (Cont'd)5.4 Other Service Arrangements (Cont'd).16 MCI WORLDCOM On-Net Service - Voice¹ (cont'd)C. MCI WORLDCOM On-Net Term Plan

The MCI WORLDCOM On-Net Term Plan is a term plan, in lieu of all other tariffed term plans. Customers who subscribe to this service through the Term Plan are subject to the terms and conditions following:

- (1) Eligible Intrastate charges is the customer's total intrastate usage of the following, after the application of promotional and other discounts: intrastate inbound and outbound usage. Charges for the following are not included as eligible intrastate charges and will not receive Term plan Discounts: Directory Assistance usage and surcharges and Operator Assisted usage and surcharges.
- (2) Term Commitment and Renewal Options: A customer must commit to service for a term of service of either one, two, three, four, or five years. The term of service will commence no earlier than the fifteenth of the billing month in which the customer subscribes to the plan. A plan will automatically renew for an equivalent term and volume commitment upon expiration of its term unless the customer provides written notification to cancel the service Term Plan, which must be received by MCI WORLDCOM no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

Missouri Public
Service Commission

REC'D NOV 09 2000

Customers who subscribe to service through an agent of the Company with whom prior arrangements have been made will be charged the rates specified in Section 5.5.4.18D.

A. Description

Agency Program A offers 1+, dedicated outbound, inbound, and calling card service during all time of day rate periods. Customers must commit to a one-year term of service with a monthly minimum volume requirement (MVR) of either \$100 or \$1000. Customers who sign up with a \$1000 monthly minimum volume requirement must have at least one dedicated line used to access this service.

B) Term Plans

Term plan customers are also subject to the following provisions:

Underutilization: For each monthly period of a customer's term of service in which a customer's Agency Program A usage charges (including intrastate usage, but not including any other applicable charges imposed by the Company or a third party) fail to equal or exceed the applicable monthly minimum volume requirement, the customer will be billed and required to pay an amount equal to the difference between the customer's actual usage and the applicable monthly minimum.

Termination with Liability: If a customer terminates service prior to the expiration of the customer's term of service under this plan, the customer will be billed and required to pay an amount equal to the applicable monthly minimum for each monthly remaining in the customer's term of service at the time of actual termination.

These charges will apply in addition to all incurred usage charges.

In addition to the above listed interstate discounts for maintaining a monthly minimum, this promotion provides for an additional discount of ten percent (10%) off of the customer's intrastate base rates listed above. When the customer has completed the term commitment, service will automatically be renewed for additional term(s) of the agreement unless Company has received the customer's written notice to terminate the agreement not less than thirty (30) days prior to the then existing term expiration date. Customers who terminate service prior to the end of the Term in any manner other than stated will be liable for an ESP termination charge of an amount equal to the greater of the following, unless Customer converts to another Company service with equal or greater term and minimum usage commitment:

- A. If the termination becomes effective prior to the completion of the first year of the Customer Term, then the charge shall be an amount equal to the monthly minimum billing commitment times the number of months remaining in Term through the expiration of the first year. If applicable, twenty-five percent (25%) of the balance remaining (monthly minimum billing commitment times the number of remaining months in the Term beyond the first year) will also be included.
- B. If the termination becomes effective after the completion of the first year, then the charge shall be an amount equal to twenty-five percent (25%) of the balance remaining (monthly minimum billing commitment times the number of months remaining in the Term).

5. SERVICE DESCRIPTIONS AND CHARGES (Cont'd)5.7 Special Service ArrangementsA. Service Description

Customer specific special arrangements may be furnished in addition to existing tariff offerings. Rates, terms, and conditions plus any additional regulations, if applicable, for the special service arrangements will be developed upon the customer's request. Unless otherwise specified, regulations for the special service arrangements are in addition to the applicable regulations specified in other sections of this tariff. Special service arrangements are established for specialized or customized customer service requirements.

The specific terms and conditions applicable to each special service arrangement will be described below:

1. Type A Service: Type A Service is an intrastate dedicated and/or switched network service which may be provided to the State of Missouri, its agencies and funded institutions in response to Invitation to Bid. The General Rules, Conditions, Specifications, and Special Requirements of each IBT shall be considered as part of this Type A Service, unless otherwise agreed to by the parties or in conflict with this tariff, at which this tariff shall prevail.

6.1 Payphone Compensation Charge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate, and international calls that originate from any domestic pay telephone used to access Intermedia services. This surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with Intermedia service, applies for the use of the instrument used to access Intermedia service and is unrelated to the Intermedia service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Payphone Compensation Charge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol).

Whenever possible, the Payphone Compensation Charge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Payphone Compensation Charge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

The Payphone Compensation Charge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

*These services will apply only to the existing Intermedia customers that have been migrated over. This service will not be available to new customers.

6.2 Standard Features

When services herein are identified as including Standard Features, the following features will be included at no additional charge:

Speed Dialing Codes - A three digit code dialed after the Authorization Code which permits the customer to reach a commonly called long distance number without dialing the long distance number.

Additional Authorization Codes - Five (5) digit code used, usually, in areas that are still not equipped for equal access, to enable Intermedia to identify the use of the service on the customer's account.

Generic Project Codes - A two (2), three (3), or four (4) digit code assigned by the customer and dialed after the long distance number. Project codes are not verified except as provided under "Verified Project Codes." Project codes are printed on the customer bill as part of the call detail record.

Project Code Report - A report which consists of the complete call detail for the current month, sorted and subtotaled by project code.

Verified Project Codes - A group of 2, 3, or 4 digit project codes within which a predesignated quantity of codes are valid. Assignment of valid codes is random. Calls placed with the remaining invalid codes will not be completed. Validation is accomplished by Intermedia's network switch.

AT&T Call Cost Report - A report prepared at the time of monthly billing which lists all calls and equivalent AT&T cost, according to current AT&T tariffs on file, and approved by the appropriate regulatory body.

Potential Call Abuse Report - A report prepared at the time of monthly billing which can list the 20 longest calls made during a billing cycle, or all calls placed during the Evening/Weekend time periods during a billing cycle. A combination of both reports can also be provided on request by a customer.

Automatic Dialer Equipment - A device installed by Intermedia at the customer's premise which when activated, performs most or all of the "pre destination number." Automated Dialers are generally not provided where Equal Access is available.

*These services will apply only to the existing Intermedia customers that have been migrated over. This service will not be available to new customers.

Intermedia Grandfathered Services(Cont.)6.3 Unified Long Distance Services

Service Commission

Unified Long Distance Service is an outbound service offered to business customers. Unified Long Distance Service utilizes switched access. Intrastate service is provided in conjunction with the Company's interstate offering. Pricing for Unified Long Distance Service is based upon the monthly (or annual, if selected) revenue (including outbound, inbound, calling card, operator service, and directory assistance in all jurisdictions) and term commitment selected by the customer. Customers whose monthly (or annual, if selected) billing is less than the commitment amount will be billed the actual usage charges, plus the difference between actual usage charges and the committed amount. This minimum charge is cross-jurisdictional, i.e., charges will not be applied in each jurisdiction, but rather one charge will apply in connection with all relevant jurisdictions of the service. Usage eligible to retire the customer commitment is from all of the following Unified Voice Services at any customer location:

- Unified Long Distance Service (Switched Outbound Service)
- Unified Toll-Free Service (Switched Inbound Service)
- Unified Direct Long Distance Service (Dedicated Outbound Service)
- Unified Direct Toll-Free Service (Dedicated Inbound service)
- Unified Extended Direct Long Distance Service (Dedicated Outbound Service)

- Unified Calling Card
- Unified Directory Assistance
- Unified Operator Services
- Unified Direct Global service (Dedicated International)
- Unified Extended Direct Global Services (Dedicated International)
- Unified Global Services (Switched International)
- Unified Extended Global services (Switched International)

Month-to-month, one year, two year, and three year term plans are available to subscribers of Unified Long Distance Service. The customer's liability for early termination of a term plan is the monthly revenue commitment (annual divided by 12, if selected) times the months remaining in the term plan. Calls are billed in six-second increments with a six-second per call minimum.

*These services will apply only to the existing Intermedia customers that have been migrated over. This service will not be available to new customers.

Unified Single T Toll-Free Service is an inbound toll-free (i.e., 8XX) calling service offered to business customers who subscribe to certain Intermedia local exchange service offerings which utilize a high capacity dedicated connection between the Company's switching location and the customer's premises. Unified Single T Toll-Free Service utilizes the dedicated connection in concert with the customer's local exchange service. The customer is responsible for establishing the appropriate dedicated access connections between the customer premises and the Company's switching location and all associated charges. Intrastate service is provided in conjunction with the Company's interstate offering. Pricing for Unified Single T Toll-Free Service is based upon the monthly (or annual, if selected) revenue (including outbound, inbound, calling card, operator service, and directory assistance in all jurisdictions) and term commitment selected by the customer. The minimum monthly commitment for this plan is \$250. Customers whose monthly (or annual if selected) billing is less than the commitment amount will be billed the actual usage charges, plus the difference between actual usage charges and the committed amount. This minimum charge is cross-jurisdictional, i.e., charges will not be applied in each jurisdiction, but rather one charge will apply in connection with all relevant jurisdictions of the service. Usage eligible to retire the customer commitment is from all of the following Unified Voice Services at any customer location:

- Unified Long Distance Service (Switched Outbound Service)
- Unified Toll-Free Service (Switched Inbound Service)
- Unified Direct Long Distance Service (Dedicated Outbound Service)
- Unified Direct Toll-Free Service (Dedicated Inbound service)
- Unified Extended Direct Long Distance Service (Dedicated Outbound Service)
- Unified Extended Direct Toll-Free Service (Dedicated Inbound Service)
- Unified Single T Long Distance Service (Single T Outbound)
- Unified Single T Toll-Free Service (Single T Inbound)
- Unified Calling Card
- Unified Directory Assistance
- Unified Operator Services
- Unified Direct Global service (Dedicated International)
- Unified Extended Direct Global Services (Dedicated International)
- Unified Global Services (Switched International)
- Unified Extended Global services (Switched International)

Month-to-month, one year, two year, and three year term plans are available to subscribers of Unified Single T Toll-Free Service. The customer's liability for early termination of a term plan is the monthly revenue commitment (annual divided by 12, if selected) times the months remaining in the term plan. Calls are billed in six-second increments with a six-second per call minimum. Any customer who requests over 40 8XX numbers will be charged \$10 per month (cross-jurisdictional) per 8XX number over 40.

*These services will apply only to the existing Intermedia customers that have been migrated over. This service will not be available to new customers.

Service Commission

The Company's Unified Operator Service is provided to business and residential Customers who presubscribe to this service for intrastate and interstate calling. Intrastate rates are specified in this tariff. Various billing arrangements are available with Intermedia's operator-assisted service including Calling Card, Commercial Credit Card, Collect, Person-to-Person and Third Party. Service is provided from presubscribed, dedicated or shared use access lines. Calls are billed in one minute increments. Additional operator charges apply. The Company will adhere to the following requirements, as applicable:

- A. The Company will not bill for incomplete calls where answer supervision is available. The Company will not bill for incomplete calls and will remove any charges for incomplete calls upon:
 - (i) subscriber notification
 - (ii) Company's knowledge
- B. The caller and billed party, if different from the caller, will be advised that the Company is the operator service provider at the time of the initial contact.
- C. Rate quotes will be given upon request, at no charge, including all rate components and any additional charges.
- D. Only tariffed rates approved by this Commission for the Company shall appear on any local exchange telephone company (LEC) billings.
- E. The Company shall be listed on the LEC billing if the LEC has multi-company billing ability.
- F. The Company will employ reasonable calling card verification procedures, acceptable to the telephone company issuing the calling card.
- G. The Company will route all 0- or 00- emergency calls in the quickest possible manner to the appropriate local emergency service provider, at no charge.
- H. Upon request, the Company will transfer calls to other authorized interexchange companies or to the LEC, if billing can list the caller's actual origination point.
- I. The Company will refuse operator services to traffic aggregators that block access to other companies.
- J. The Company will assure that traffic aggregators will post and display information including:
 - (1) that Company is the operator service provider; and
 - (2) detailed complaint procedures; and
 - (3) instructions informing the caller on procedures to reach the LEC operator and other authorized interexchange companies.

*These services will apply only to the existing Intermedia customers that have been migrated over. This service will not be available to new customers.

Service Commission

Intermedia's Enhanced Calling Card allows customers to make intrastate long distance calls when they are away from home or the office, and the calls will be billed to their card number. Intrastate service is provided in conjunction with the Company's interstate offering.

Calls are billed in six (6) second increments after a thirty (30) second per call minimum. All partial increments are rounded up to the next whole increment.

6.14 Calling Card Standard Service Components, (Cont.)

Re-Dial: This feature will allow the caller to return to the previous voice prompt if they should misdial during any part of the calling process, by holding down the * key, the cardholder will initiate this feature.

Credit Limit: A credit limit is established when the card is issued, preventing any additional calls to be made once the credit limit threshold has been reached. This is a real-time monitoring feature. When the cardholder reaches their credit limit threshold, however, the current call is not terminated. The next time they use their card a message will be played stating that the credit limit has been exceeded. It will prevent additional calls and request that the caller contact Intermedia Customer Service to rectify the problem.

Re-Originate: The cardholder has the ability to make sequential calls without having to hang-up. By pressing the # key for 2 seconds, the caller will be prompted to enter the next number they wish to dial.

No Domestic Calling Surcharge: Intermedia does not charge a surcharge for any domestic or international terminations. There will be a payphone surcharge, however.

Speech Recognition: Speech recognition offers customers the ability to simply speak information into the telephone rather than enter the DTMF digits.

Speed Dial: Supports storage of up to 9 frequently dialed numbers

Voice Message Delivery: Messages can be recorded and delivered immediately or some date in the future

Accounting Codes: Supports unverified accounting codes to track usage and allocate costs

Conference Calling: Provides the ability to have up to a 6 person conference call

Directory Assistance: Supports the ability to connect the card user with an operator to obtain telephone number.

*These services will apply only to the existing Intermedia customers that have been migrated over. This service will not be available to new customers.

6.22 Enhanced Service Features

Service Commission

The following enhanced service features are available with Intermedia USA III Switched and Dedicated 800 Services. Non-recurring and recurring charges may apply.

Message Referral

Provides Customers who disconnect or change an 800 number with a recording that informs callers that the 800 number has been disconnected or refers callers to a new number. The recorded message is available for up to six months.

Call Area Selection

Specifies where 800 calls can be received from allowing Customers receive calls based on state, LATA or NPA/NXX location.

Geographic Routing

Specifies multiple points of termination based on where a call is received from, allowing termination at the state, LATA or NPA/NXX level.

Time of Day Routing

Allows Customers to vary call routing based on selected time of day intervals. Routing is available in 48 time slots throughout the day and are ordered in multiples of 15 minute increments.

Day of Week Routing

Allows Customers to vary call routing based on the day of the week on which the call is made.

Day of Year (Holiday) Routing

Allows Customers to vary call routing based on the day of the year on which the call is made, up to 15 days within a year.

Percent Allocation

Allows Customers to control call routing by determining the percentages of calls to be routed to two or more routing alternatives. Percentages must total 100% and originating routing groups may be defined at the state, LATA or NPA/NXX level.

Route Completion (Overflow)

Re-routes a Customer's dedicated access traffic to a pre-defined alternate routing group. Up to five alternate routing plans are available. Call rate changes when a call is routed from a dedicated to a switched access line.

Call Distributor

Allows dedicated access Customers to spread incoming 800 traffic evenly over dedicated access lines in a trunk group. Incoming calls are routed by default to the most idle line. The Customer may choose to distribute calls based on least idle, ascending or descending line basis.

*These services will apply only to the existing Intermedia customers that have been migrated over. This service will not be available to new customers.
